## Thermal Ribbon Experts

Every day Toshiba thermal transfer ribbons are relied on by businesses the world over to produce vital labelling for a huge variety of applications.

Toshiba ribbons are available in various grades to suit virtually any application in every market, from mass-produced short-term label printing and RFID tags, up to highly specialised identification techniques using advanced resin products.

Quality and accuracy are critical for companies producing large quantities of barcodes that need to be successfully scanned. Barcode rejection and return of products is a costly business error on many levels.

Toshiba is world leader in the advance of thermal printing technology and is committed to the continual development and refinement of its unequalled range of thermal ribbons.

## The Brand Is Your Guarantee

Designed and manufactured to truly demanding industry standards, there is no better choice.

Before a ribbon is certified by Toshiba it must first undergo stringent tests to ensure its continuity and reliability in the field. It is assessed on a variety of receiving materials, and at every speed and temperature combination. Only once this procedure is complete and deemed successful will the ribbon receive its certificate of approval.

Using Toshiba ribbons ensures optimum print quality causing minimum wear on working parts – in particular to the printhead.

This commitment to quality and reliability is what you would expect from Toshiba as the biggest thermal transfer ribbon supplier in Europe.

## Environmentally Conscious Products

Improving printing efficiency, reducing packaging waste and minimising delivery and transportation costs.

## Toshiba consumables – Helping create a better image

## Toshiba – Leading the way through quality and innovation

### Always choose Toshiba ribbons for Toshiba printers

Own a Toshiba printer? Protect your printhead warranty by using the ribbon range tailor-made for Toshiba thermal printers. Contact your Account Manager for more information about this unique range.
